Why I would like to join the Willard Board of Directors- - -

I have had a passion for Willard since my daughter, Sarah, became employed there. My husband and I are invested in Willard and we believe in its mission. Throughout the years we have helped in any capacity that we were able including driving our car trailer to Omaha to pick-up Toys for Tots items for Willard and the CLC program, installing signs at Willard, using our car trailer and helping load & move preschool items over to the pre-k house for the renovation project, volunteering at different events Willard has held and much more.

Awards Unlimited has relocated into the same community neighborhood as Willard. I feel as a community partner and someone who is dedicated to help Willard, I would be beneficial to the Board of Directors.
